EXPERIENCE

Technology Associate

Jul '23 — Present

ACABES – International

Kochi, India

- Developed and maintained responsive, user-centric applications for the Europe Arab Bank using **React.js**, **CSS**, and **JavaScript**, boosting user experience and application performance.
- Built and optimized complex transfer modules enabling seamless fund transfers across accounts (own, domestic, international), enhancing **transaction efficiency** and scalability.
- Integrated **RESTful APIs** for efficient frontend-backend communication, improving system reliability and enabling **real-time updates**.
- Worked closely with designers and backend developers to deliver scalable and high-performing financial applications, ensuring **responsive design** and **cross-browser compatibility**.
- Improved web performance through optimization techniques, resulting in faster load times and enhanced user engagement.
- Recognized with multiple awards for exceptional contributions, including certificates and letters of appreciation for driving project excellence and innovation.

Software Developer Intern

Oct '22 — Dec '22

Edgaadi Pvt Ltd

Kochi, India

- Developed a cross-platform mobile application for SAP management using **React Native**, **React Redux**, **TypeScript**, **Tailwind CSS**, and **GraphQL**, streamlining operations and improving delivery transparency.
- Enhanced the user experience by implementing a real-time tracking system, reducing delivery delays by 20%.
